

Date of issue: 10/07/2024 Issue Number: 1	FORM E5-2 <b>SECURITY POLICY ANIMAL FEED AND QUALITY MANAGEMENT</b>	
--	--	--

The company "AGROZOI SA" is based in Lesvos and its activity is the production and trading of animal feed. The company is committed to implementing a feed safety management system in accordance with the ISO 22000:2018 standard and a quality management system in accordance with the ISO 9001:2015 standard.

The company's objectives regarding the safety and quality of animal feed are:

- Providing safe and quality animal feed to its customers.
- The use of the most reliable and scientific methods to monitor CCPs and OPRPs, with the aim of feed safety.
- The reduction to less than 1% of non-compliant products, in terms of the Feed Safety Management System.
- The continuous reduction, until zero (0) of customer complaints.
- The focus of all members and workers on the continuous effort, for optimal conditions of hygiene and safety of animal feed.
- The continuous reduction, until zero (0) of recalls-withdrawals.
- The systematic monitoring of the formation of the external environment, in relation to scientific developments, customer expectations and legislation on animal feed safety.

The manager of the company and all the staff take care of their adequate information and training and for the correct fulfillment of their duties. They ensure their continuous improvement and adaptation to the requirements of legislation and scientific and technological changes concerning animal feed, while whenever required they promote the implementation of corrective actions, within the framework of the implementation of the Animal Feed Safety Management System and the Quality Management System.
